What followed? The annexation of such a precipice? Texas resulted in a war with Mexico. Gen. Taylor became the prominent hero that our interest is their interest; and of this war. Being a grand fighter, and gaining the soubriquet of "Rough and Ready," and having answered Santa and that whatever the demands of parti about" being the order of events, that of | we owe it to the vital principles of our 1848 was again set aside by that of 1852, when Franklin Pierce was elected over- fidelity and of unfaltering support of a whelmingly over Gen. Scott, whom the Democrats, by a cruel parody on 'Rough and Ready," called "Fues and Feath-

What use from these leaves in our political history should we make of the wet blanket of last Tuesday? Give up the Democratic organization? Give up the cause of the people and of reform? Say there is no use trying to maintain the fight against monopoly? No use voting? No. As surely as the tide of the ocean goes out to return again, so surely will Democratic victory return in the near

The Underground River.

BLACK's S. C., Nov. 12.- The recently reported discovery by the Byers Bros of a cave or underground river on their land, L. H. Kennerly gives a graphic account Blermont, the pioneer Hudson River tlemen who chanced to meet at Charlotte. Steamer, when she made her first trip to New York. During the war of 1812-14 and have sunk a shaft about fifty feet. Until this morning nothing particular lisland, and Massachusetts. He was was noticed, except that it was perfectly cloud. He knew then that a waterspout cloud. present at the battle of Stonington, and dry while fifty feet away a well forty feet was forming, and called attention to the hole and an abundant drain existed near around with a loud noise. This whirlecond or third road of the kind built in where they were working. This morning inside of the shaft and detached a mass active in the performance of his duties of material, opening a small hole, from a direction contrary to the whirlpool until three or four weeks before his death; and into which the air seemed to rush, accompanied by a loud noise as of escaping steam, and the well was soon filled

This phenomenon and the loud noise frighten the workmen, who fled from the work. The news soon spread, and a often the case with those who are spared | large number of our citizens collected and repaired to the scene, and a dozen or the horizon of about sixty degrees. The more descended the shaft and endeavored funnel at the top was dead black, but to account for or discover the source of the body of the waterspout was slate the sounds, which were plainly heard on color. At the bottom, where the the top of the ground, but more plainly spout spread out into a pyramid, the water when in the well. All agree that it is was green and white. It was a magnifithe sound of running water over a shoal, cent sight. Then the whole mass began perhaps one hundred feet lower down, moving toward Battle's, and came majes and must be a large stream. Rocks that | tically along, bending more and more as were taken from an old excavation still it advanced. When it reached the shore, on the ground show unmistaken signs of just where the wharf joins the shore, the the action of swift moving water. The spout bent in the middle, and a report of hobby is said to have been the art of of a considerable underground river. It announced that the spout was broken. is probable that twenty feet more of ex. My appetite left equal laws administered by impartial me, my sleep was reduced one half and courts for the protection of all, with the when I awoke long before day the next ballot in colored hands and its full use however, I got used to it and was myself | with the race problem gradually working out, under Providence, its own solution with the relations of the races becoming more and more amicable; with the interjustification or possible pretext, I repeat, could be found for plunging this Com-

"I can not doubt that there are men in Andrew Johnson in more recent times high places whose misjudgments of did with the Republican party. In 1844 Southern people or whose sectional bias would lead them to the very threshold of revolutionary and destructive legislation; The tariff was then discussed as freely as during the recent campaign. The an illustrated by the cordial re union of both armies at Gettysburg and elsewhere, with the cause of sectional strife dead and lingering discord rapidly dying; with peace and prosperity brightening and cheering alike both Southern and Northern homes; with the ties of social intercourse multyplying and strengthening with Northern products in the hands o Southern consumers and Northern money

> of the leaders to turn from the brink of "Take courage, then, in the thought free institutions to renew our vows of

Union of equal and independent States."

Eye-witnesses describe the waterspout as presenting a most impressive and beauiful spectacle. It formed about half way between Point Clear and Battle's wharf and proceeded slowly toward the shore, roaring at first with a very loud noise. It struck Battle's wharf near the shore end and cut it off as nearly as if it had been sawed off. The spout sucked up a will be a big help to you." Minister: great lot of splintered wood and went "Yes, indeed. The addition of one hungreat lot of splintered wood and went dashing inland, carrying with it a mass of whirling debris, in the midst of which hundreds of fish were mingled. The waterspout proceeded up the lane, tore watched the waterspout from beginning - President elect Harrison has twoousins in South Carolina-one Major black cloud in the sky off the point, and deep is so near full of water that one can atmospheric disturbance. Presently the dip it out by the hand from the surface. water, about 100 yards off the end This led to the belief that at least a of a long wharf, began to boil and whirl pool was directly beneath the black cloud. cents yesterday. Do you think I am a The black cloud then formed in funnel shape and let down a point, revolving in below. Soon the two bodies of water joined in forming a column about 50 feet in diameter in the middle and reaching up about a mile in the air. As soon as the junction was formed the greater part of the rushing water ceased. The column

stood apparently motionless for about haps fifty feet, reaching from the shore to a small house situated on the wharf. The effects of the spout were felt on land slightly. It was only a remnant of the gyrating water that hit the house on land, and the damage resulting was

He Won a Wife on the Election.

small .- Mobile Register

"Where's the marriage license office?" He was a neatly dressed young man happiness. The question was directed to a group of lawyers standing on the front steps of the new courthouse bright and early this morning. The way to Register Connor's stronghold was pointed out, and as the youth was winding up his profuse thanks one of the lawye said : "You seem happy this morning. Did the election strike you correctly?'
"You bet it did. If the election hadn't

morning. "How's that?"

"Well, I don't mind telling you. You see, there was another fellow in love with the girl I'm going to marry, and she didn't know herself just which of us she liked best. We both asked her to marry us, and to get out of the snap, she said liver and bidney ills is to avoid the of the doubtful states."

York organization. It is called the sion of "evil speaking, lying and slander-ing." It has a wide field for its work.

- Harrison will be inaugurated exact-

one hundred years after the "Father of his Country." Washington was inducted into office, March 4, 1789, and Harrison will be inaugurated March 4, 1889. - Gen. James Craig, who died recently at St. Joe, Mo., was one of the few meu whom history records as having been de-

feated by a single vote. This happened - Mr. Harrison is an elder in the orthern Presbyterian church. Does he favor a union with his southern brethreu? Between the Northern and Southern Presbyterians there is a great gulf, and it

— Mr. John Wesley is reported as saying that he did not doubt that certain people would get to heaven but he did not care for their company here. God could get along with folks that he could - An electric light wire in West Chester fell on the platform of a passing railroad car, and, catching in the clothing

of one of the train hands, dragged him from the coach. He was only slightly in-- At a recent large convention of form. There was only one man stenographer on duty and he was said to be

employed by a woman. - While Gen. Harrison is thinking of the remarkable tidal wave that bore him into power, let him also think of the other Harrison's remarkable victory forty-eight overwhelming democratic triumph

- It is estimated that there are 3,000, times a week. That means an expenditure of thirty cents a week, or \$15.60 a year for each man, or for the 3,000,000 \$16,600,000

- "I don't say marriage is a failure," said Adam candidly, as he sat down on a log just outside the Garden of Eden and looked hungrily at the fruit on the other side of the wall, "but if I had remained single, this wouldn't have happened." - Deacon (to country minister:) "I

s'pose, parson, that the advance in your salary from five to six hundred dollars dred dollars will enable me to hire a man to collect the five hundred dollars."

- A reporter in an article on the destitute poor, spoke of the great number of persons reduced to poverty by the "myserious decrees of Providence." His astonishment may be imagined when he saw the intelligent printer had altered it to "mysterious decrease of provisions.

Whitner Symmes, who lives in Greenville, and the other who bears the family name and lives in Chester. The Greenville cousin voted the Republican ticket for President; but Mr. Harrison, of Chester, - "Seems to me you are always wanting money, Mary Jane. I gave you 75

gold mine? Here's a quarter." (Uptown an hour later.) "What's that. Carry this State by 15,000. I've got \$50 that says he won't. PL. up gentlemen, or shut up. Money talks!" - The least harmful adulteration of flour made from wheat is the addition of twenty to thirty per cent. of corn meal ground very fine and bolted. That will nurt no one, and judging from the

quality of some of the cheaper grades of Western flour it would be an improvement to put nine-tenths of it corn meal. numbers 45 in all. Of these, 30 registered, but the number of votes they could influence was far greater than an ordinary observer would suppose. Tom Lee, the Chinese deputy sheriff, with a German wife, lives in East 81st street now, and is powerful Republican factor in the affairs n the 21 assembly district. William Sing, once the richest Chinaman in

America, has a son on the police force and wields powerful influence in the 4th ward - A pretty incident that illustrates the character of President Cleveland's wife happened on Saturday. Just as Mrs. Cleveland left the train which brought her to New York she stopped for a moment at the engine and, looking

up at the engineer, smiled and nodded her thanks to him. The engineer blushed and took his hat off as the lovely little mistress of the White House thus honored him. The President laughed at this evidence of the thoughtful consideration that distinguishes Mrs. Cleveland. elm tree in front of the residence of Dr. Wile, of Danbury, Conn. The limb was

not severed entirely fro , the trunk, but hung head down, supported by the bark, on the under side. When the sap ascended in the spring this branch received none, and hung leasless all summer. Now. the tree has shed its leaves, and the sap ascending has entered the limb, and it is gone as it did I wouldn't be here this covered with the soft, light green foliage of June. The rest of the tree is bare. That branch was bound to have its summer if it took all winter.
